## Another Purchase of Men's Shirts

### Sold Regularly at \$1 and \$1.50 . . . . . 69c

These Shirts were made to the order of Hackett, Cahart & Co., one of the largest and most prominent furnishing stores in New York city, but were refused because of the lateness of the season.

The manufacturer offered us the entire lot of 200 dozen at a price we couldn't well resist.

We think differently from the New York furnishing store, being confident that Washington men will quickly take the entire lot—for soft-bosom Shirts such as these are worn all winter.

It is the best underprice lot of Men's Shirts we've ever had—the quality, style, and workmanship touching the limit of excellence in Shirt making.

The materials are all of the finest sort—including imported Scotch Cheviots, woven Madras, and Oxfords; in a wide range of desirable styles and colorings.

Choose from neat stripes, checks, and polka dots in all good washable colors, also plain White Shirts with pleated or plain bosoms. Attached or detached cuffs. All sizes from 14 to 17.

What man can resist buying another supply of Shirts at 69c each—worth \$1 and \$1.50.
